
Turbulence
of Love

Round two begins before round one ends.
Do flight attendants get frequent flyer points for surviving passengers like me?
No, but we do collect stories.
Pretzels or cookie?
PRETZELS
COORIE
Which one says mysterious but emotionally available?
Which one everyning?
Cookie. Pretzels say you overpack.
Then cookie it is. I trust your profile analysis completely.
COOKIE
That is a deeply reckless decision.
That is a deeply reckless decision.
CCORIE

He keeps finding reasons. She keeps not stopping him.
Quick follow-up question.
You say that like were in a press conference.
Hypothetically, if a passenger wanted to impress a flight attendant...
He could start by not saying hypothetically.
All right. Boldly, then. What impresses you?
Timing. And making me laugh without slowing down beverage service.
No pressure, then.

Then the sky decides to join the conversation.
And that is your captain reminding everyone not to flirt with gravity.
I was losing that fight anyway.

I swear I was helping.
You were. Pretty good reflexes.

The joke cracks. Something real slips through.
Most passengers either panic or pretend they meant to do that.
I contain multitudes. Mostly panic.
For the record, I know I am being a lot.
For the record, I noticed.
But you are at least entertaining.
That is the nicest almost-compliment I've ever received.

Service continues. So does the game.
Try not to manufacture another emergency before I come back.
No promises if the cookie gets emotionally complicated.
So what happens if I survive the whole flight with dignity?
That would be a historic first.
Not a yes. Definitely not a no.
Make me laugh one more time, and maybe I'll tell you what impresses me after landing.
Challenge accepted.

Turbulence of Love

As the flight to Bali continues, stan turns the airplane aisle into a playful arena, using drink orders, snack choices, and fake-serious questions as excuses to keep talking to Lucy during service. Lucy gives as good as she gets, teasing him while clearly enjoying the banter. A sudden burst of turbulence creates a funny but genuine moment when they both reach for a sliding cup, briefly dropping the performance. By the end of the exchange, their chemistry feels less like a game and more like the start of something real, with Lucy inviting one more laugh before the plane lands.
