
Football and Math:
it was hard

Monday came fast.

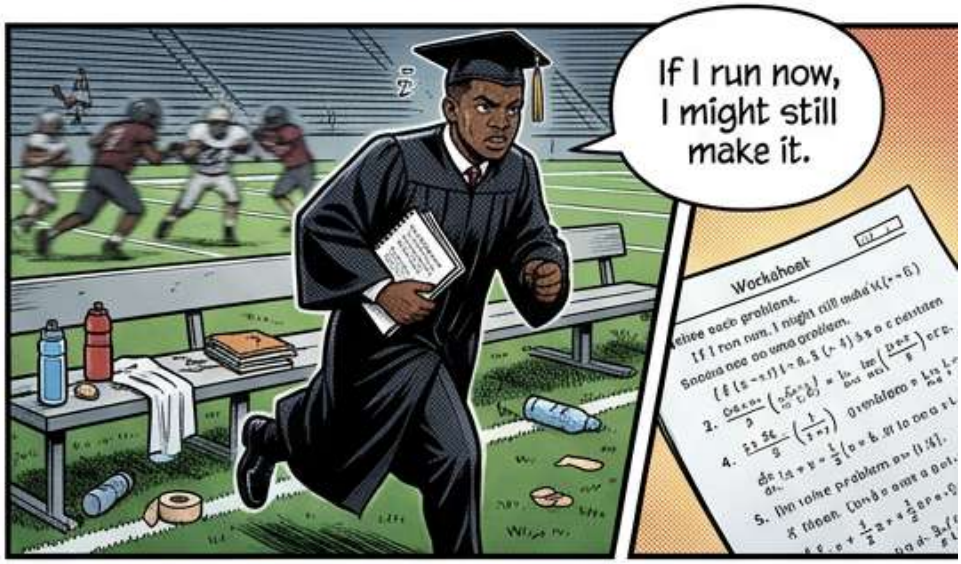

His first brutal week started before the sun.
Practice at dawn... lecture right after.
CLASS SCHEDULE

Frack & assignment deadlines.
No room to miss either one.

9:10 AM
Math lectures and assignment stack.
10:00 AM
12:00 AM

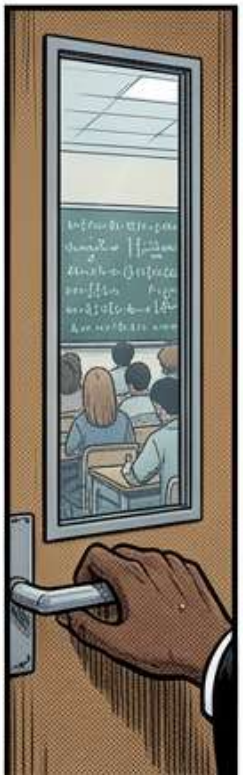

Practice has just blown.
By the first sprint, the pressure was already claiming closing in.

Again.

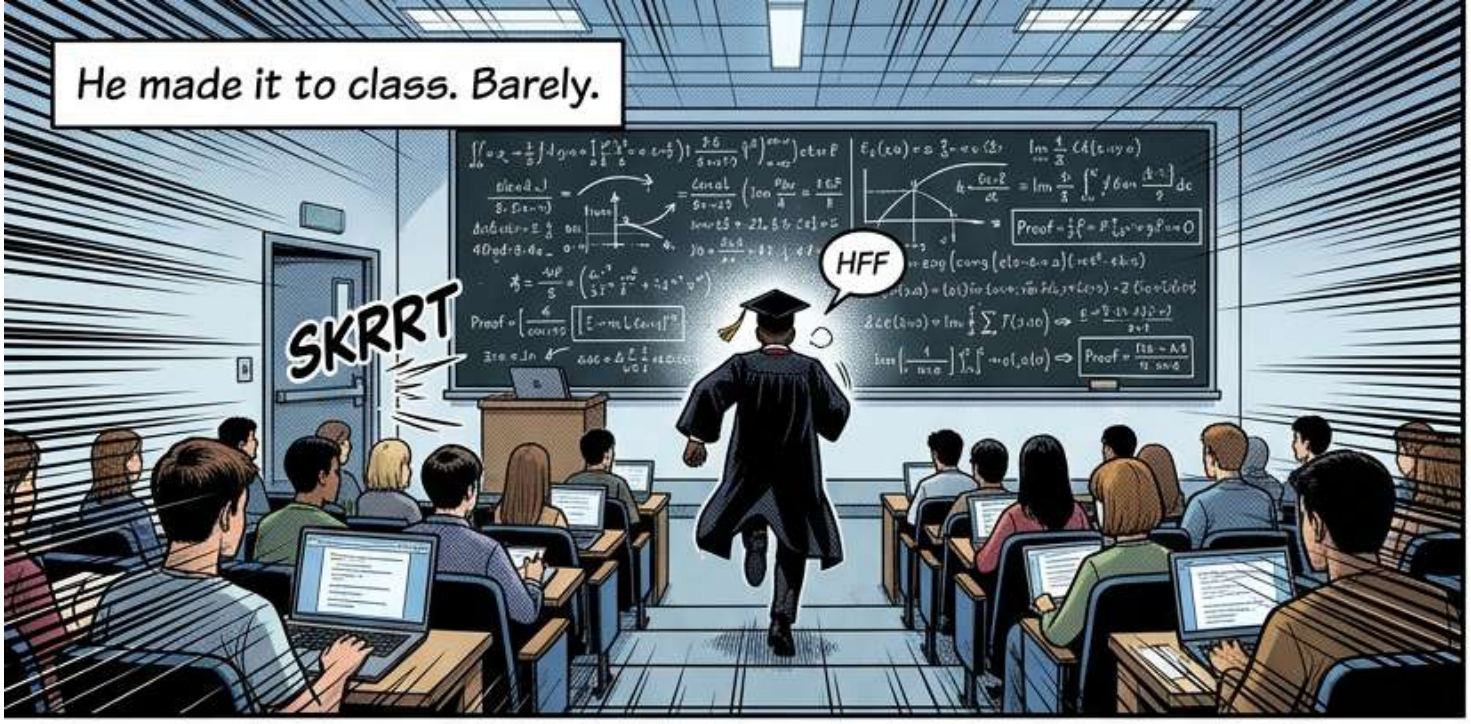

11:58 PM
Time did not care which life needed him more.

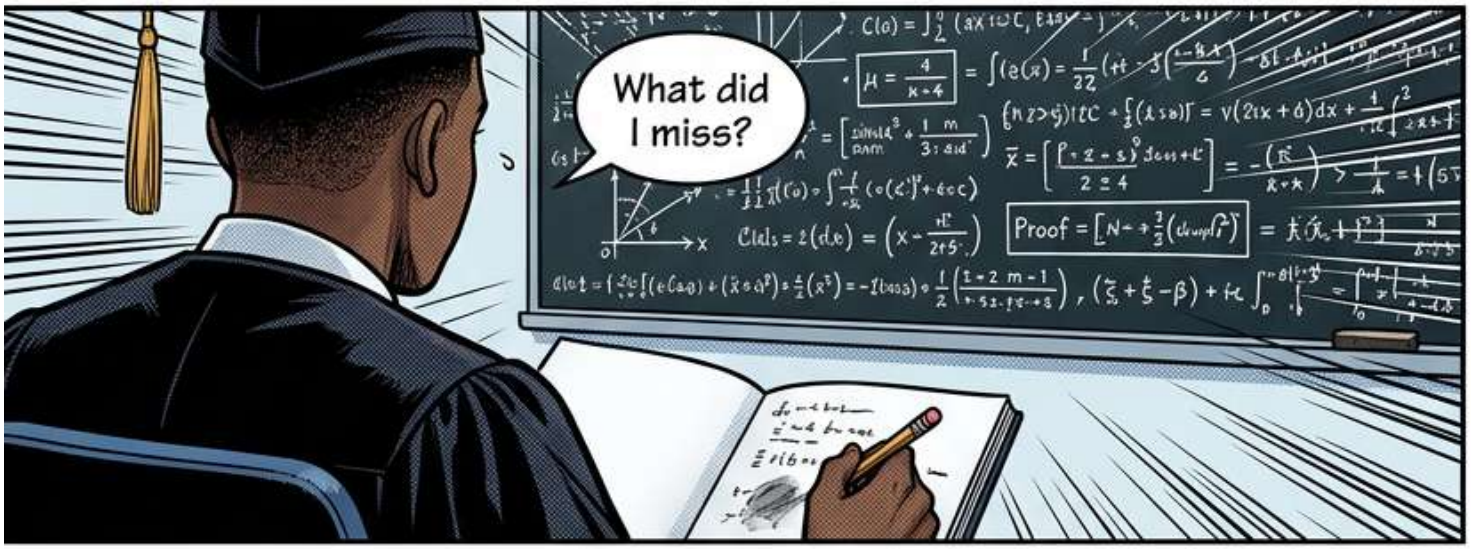

If I run now, I might still make it.
Worksheet

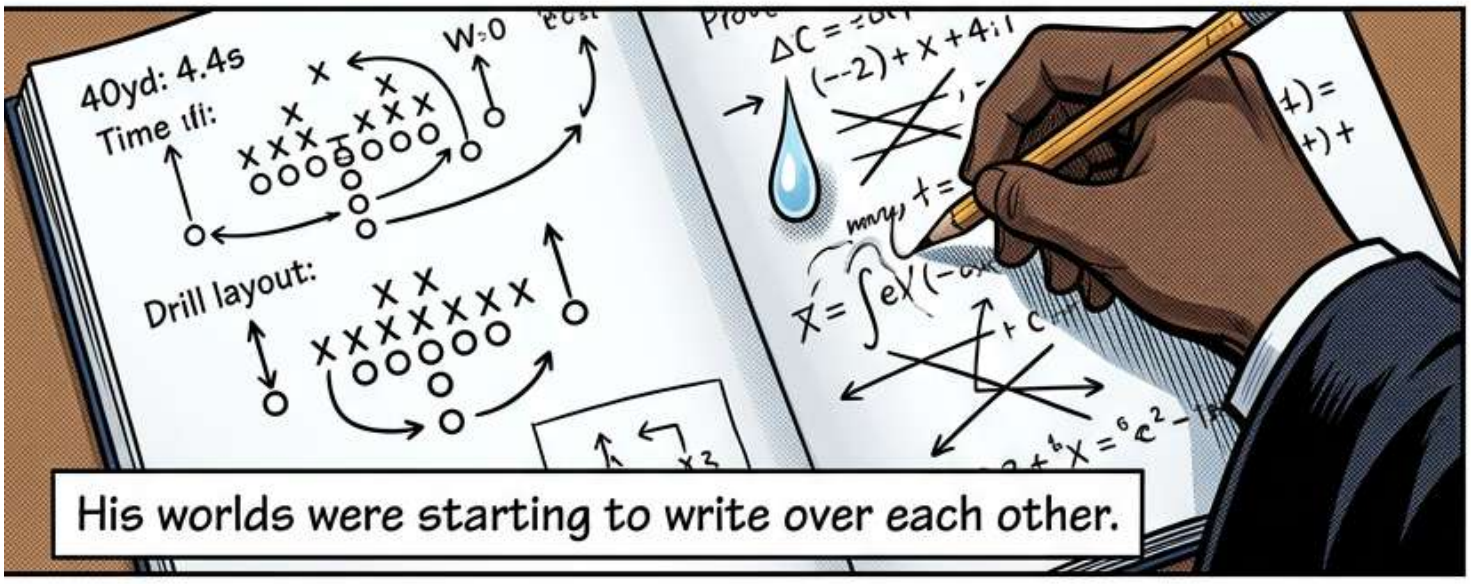

Field to classroom. No pause in between.

!

He made it to class. Barely.

What did I miss?

40yd: 4.4s
Time ifi:
Drill layout:
His worlds were starting to write over each other.

warpt

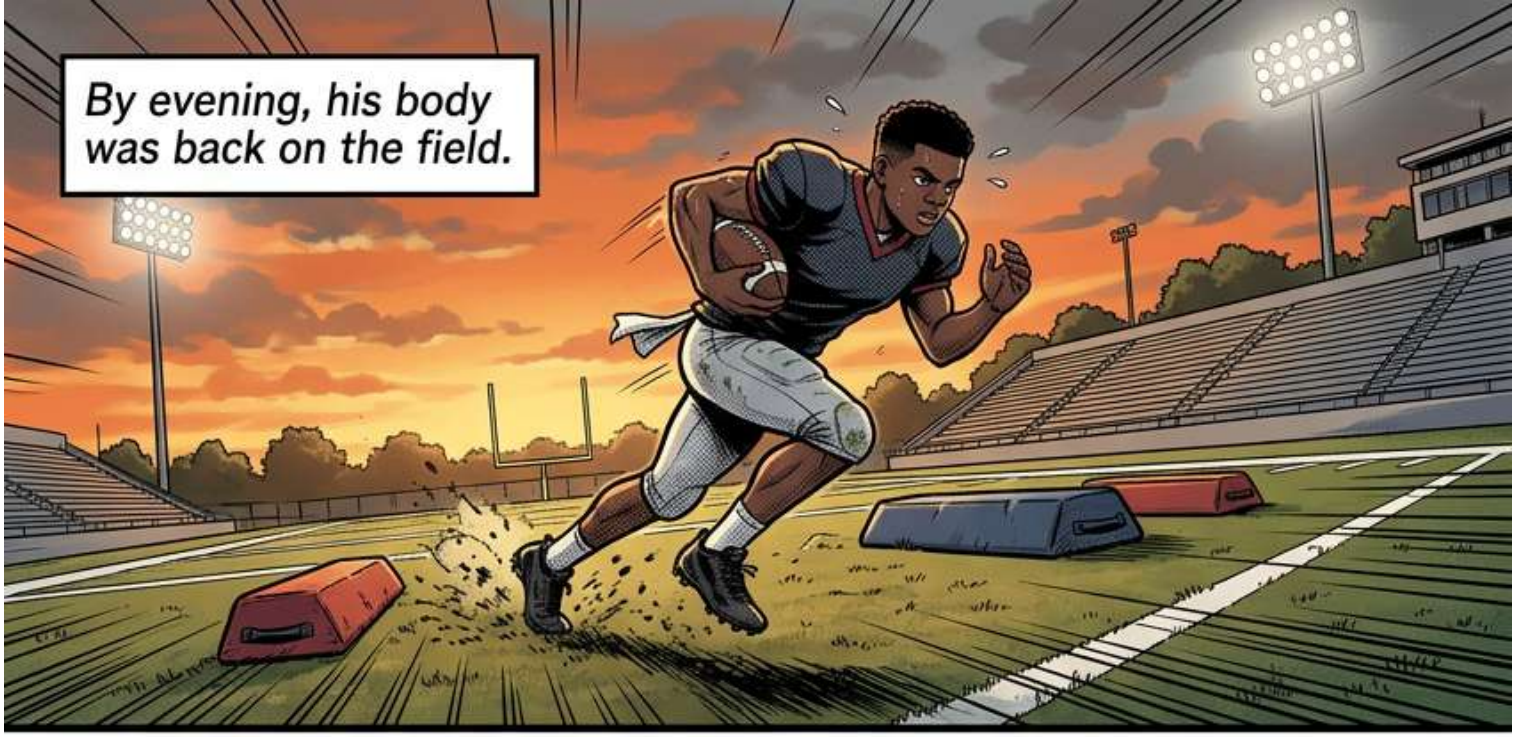

The lecture ended.
The problem didn't.

Come on... make sense.

[TEAM ALERT]: Practice in 30 mins! Don't be late!

MATHEMATICS BUILDING
Soon, the day circled back to football.

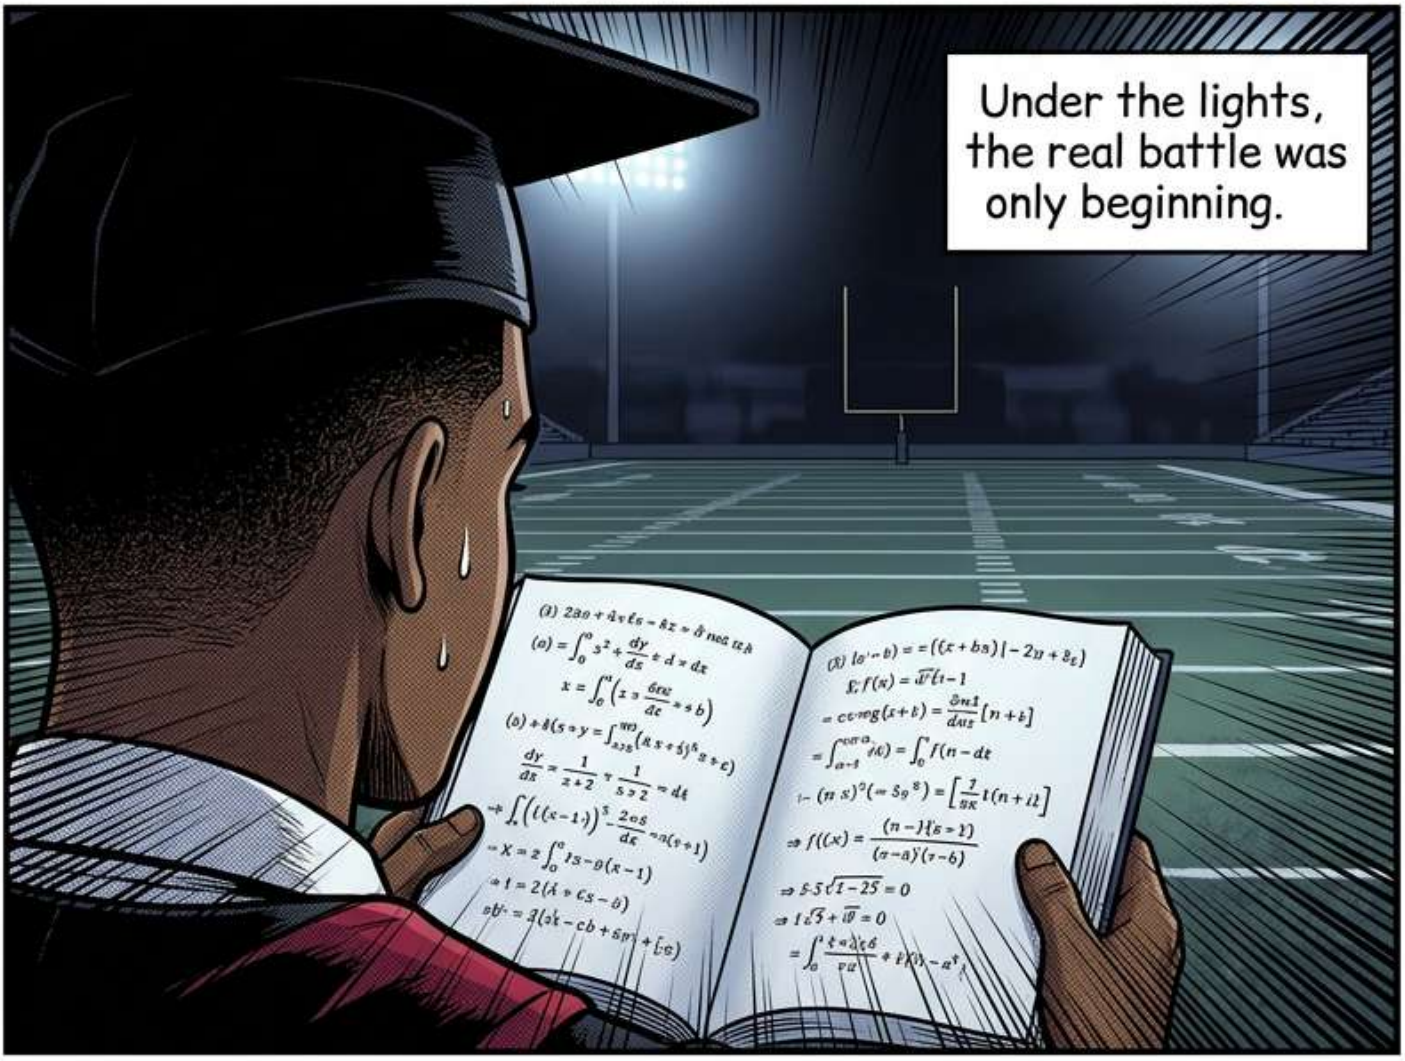

By evening, his body was back on the field.

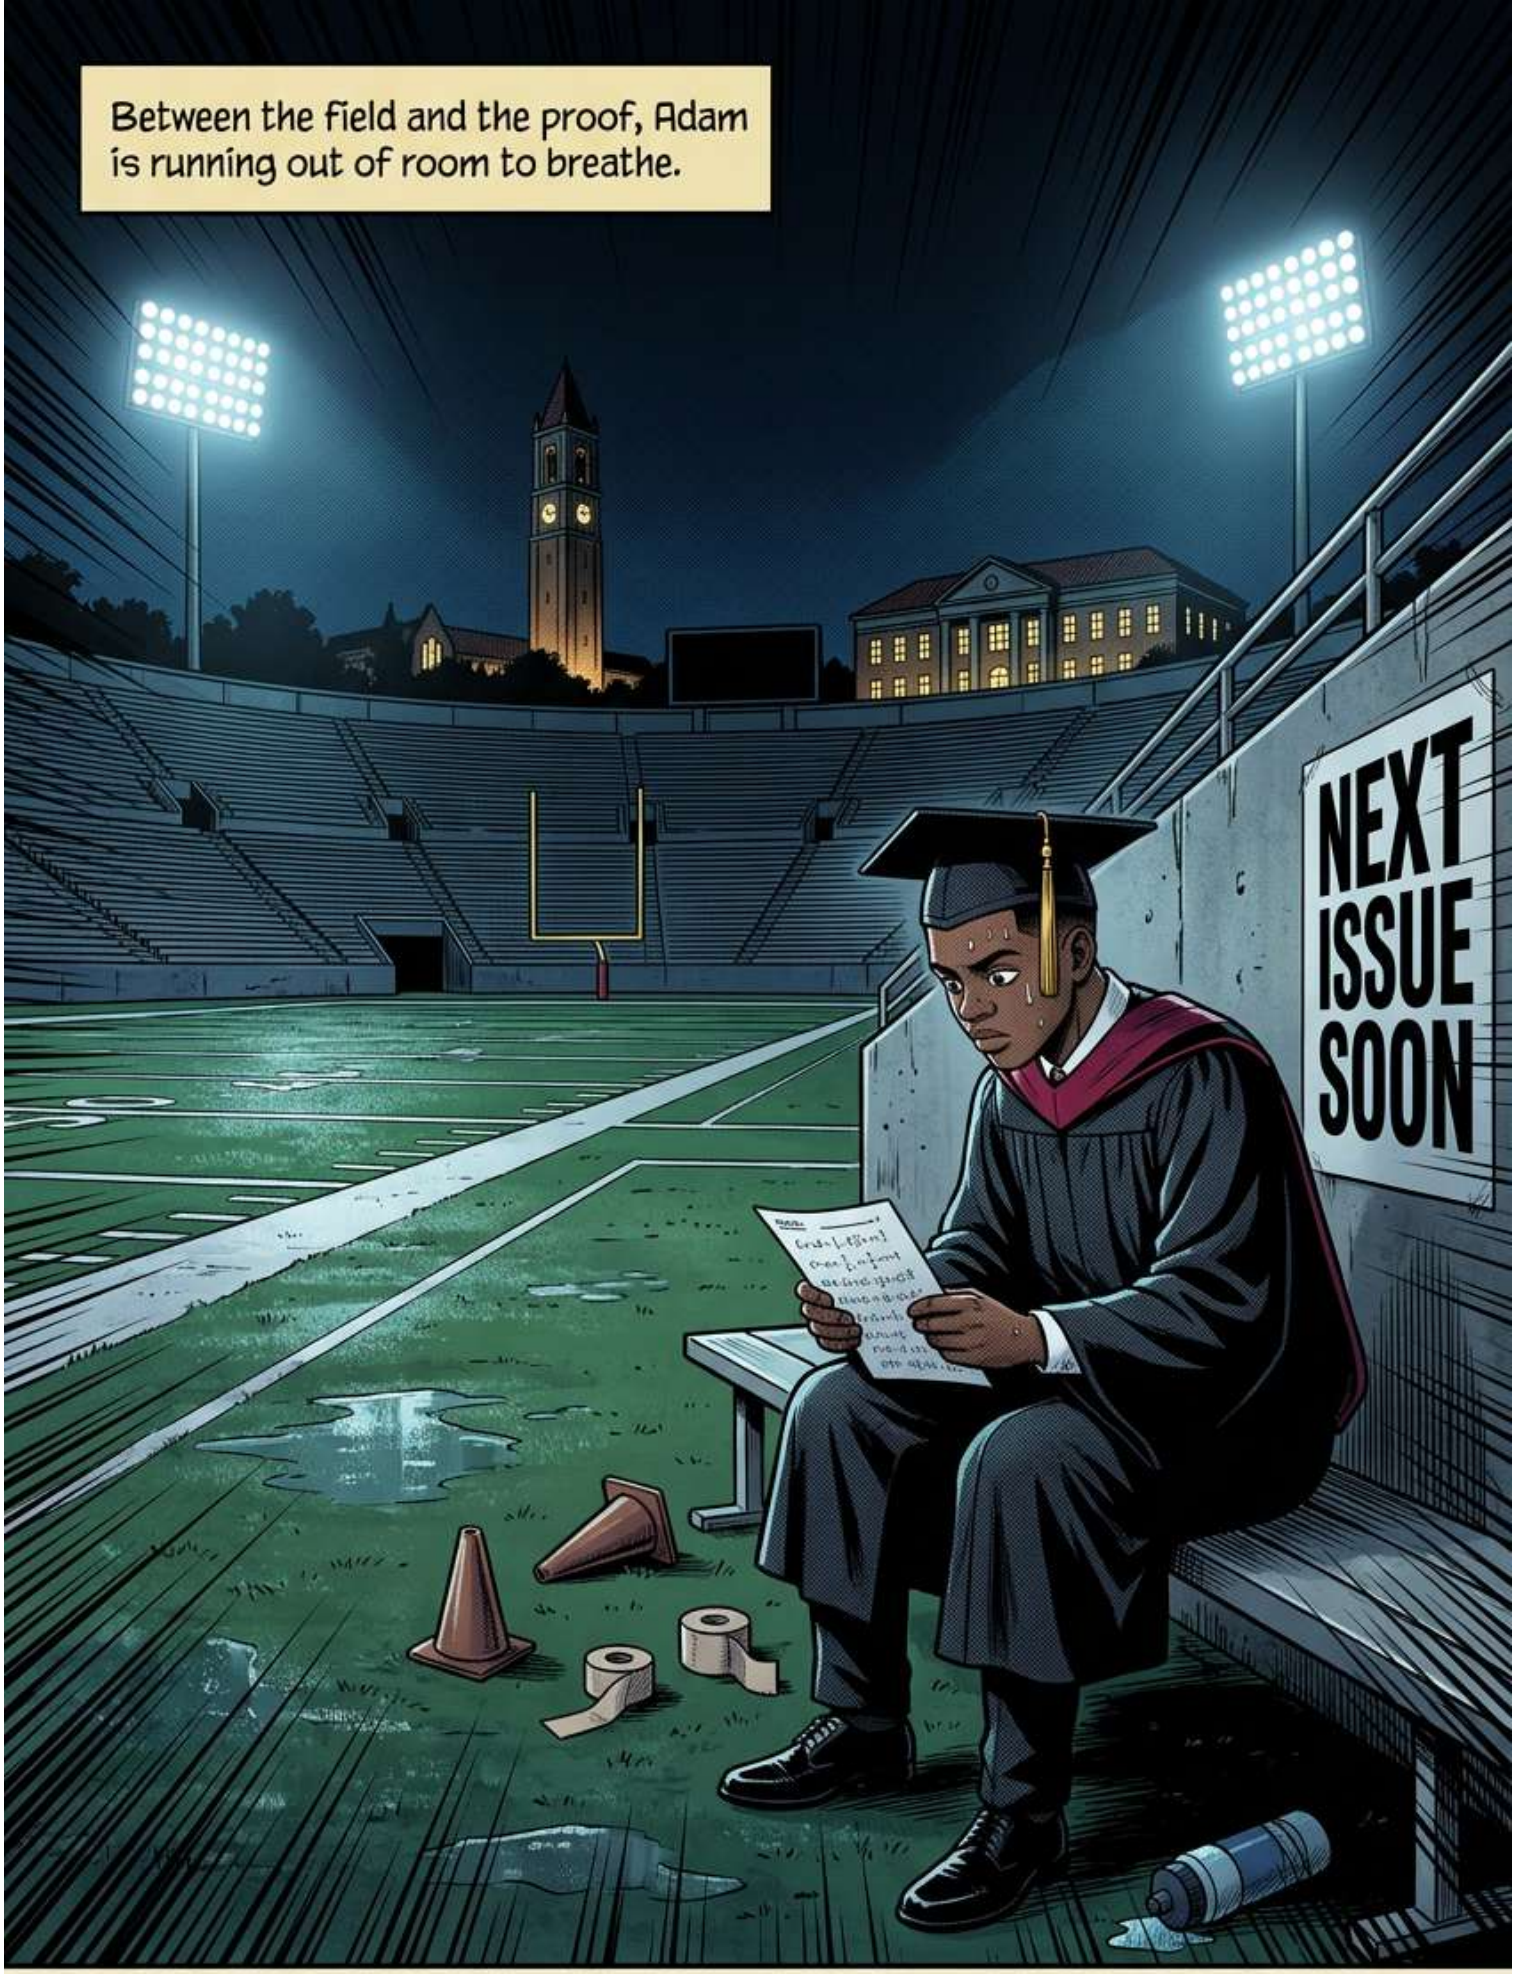

His mind never left the classroom.
I still don't get the third step.

When everyone else left, Adam stayed.

Under the lights, the real battle was only beginning.
